Dear FCC:

I've been advised you plan to raise rates on tracfone service. My choice for cellular phone was tracfone, because it is only used occasionally by myself, and I can afford it. If I have an emergency, it's available, other wise it does not get used. Please do not raise the rates. We old timers don't use the phones as do younger people. Why should we have to pay more for less.

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,
